WELCOME

RIVM, the Dutch National Institute for Public Health and the Environment, is dedicated to fostering the well-being of society by promoting a safe, sustainable, and healthy environment. Through independent scientific research and the dissemination of expert advice to government entities, professionals, and the public, we play a pivotal role in shaping informed decision-making.

Our commitment extends globally, as we actively contribute to the global exchange of knowledge, striving to make a positive impact on public health and environmental sustainability worldwide.

De Gezonde Leefomgeving

Deze cursus richt zich op het creëren van een gezonde leefomgeving, waarbij complexe maatschappelijke uitdagingen zoals klimaatverandering, energietransitie en woningbehoefte worden aangepakt. Het doel is om lokale en regionale beleidsontwikkelaars, uitvoerders en besluitvormers de kennis en tools te bieden om gezondheidsaspecten te integreren in ruimtelijke planning en beleidsvorming.

Selecteer de cursus, door op 'De Gezonde Leefomgeving' te klikken.
